

BETTER DATA - BETTER BUSINESS **ON DEMAND.**

We appreciate your visit to this Web site and thank you for your interest in our company, products and services. The protection of your personal data in connection with visiting this Web site is something we take extremely seriously, with the result that you can feel safe and secure while visiting these Internet pages.

Collection and Processing of Personally Identifiable Data

We do not require any personal data from you when you visit our web pages. Personal data is only collected and stored if you have supplied it of your own accord, for example in connection with requests for information or registration or for opening a test account for demonstration of the software.

Whenever someone accesses our Web server, general information about the visit is logged in a protocol file. We cannot evaluate this data for the purposes of obtaining information relating to identifiable persons. We use the acquired information exclusively for statistical/invoicing purposes and to optimally design and customize this Web site in line with general visitor behavior.

The IP address is regarded as personal data under data protection legislation. As a rule, we do not evaluate this data and only store it temporarily for security-related reasons or in order to be able to trace any underhand attempt to use it.

This website uses Google Analytics, a web analytics service provided by Google, Inc. ("Google"). Google Analytics uses "cookies", which are text files placed on your computer, to help the website analyze how users use the site. The information generated by the cookie about your use of the website (including your IP address) will be transmitted to and stored by Google on servers in the United States. Google will use this information for the purpose of evaluating your use of the website, compiling reports on website activity for website operators and providing other services relating to website activity and internet usage. Google may also transfer this information to third parties where required to do so by law, or where such third parties process the information on Google's behalf. Google will not associate your IP address with any other data held by Google. You may refuse the use of cookies by selecting the appropriate settings on your browser, however please note that if you do this you may not be able to use the full functionality of this website. By using this website, you consent to the processing of data about you by Google in the manner and for the purposes set out above.

Use and Transfer of Personally Identifiable Data

Uniserv GmbH is committed to handling your data strictly in confidence and will not disclose information about you to any third parties. We consider the responsible handling of data and compliance with the regulations of the Federal German Data Protection Act and other guidelines to be self-evident principles.

Right to Be Informed

At your request and in compliance with effective legislation, we will provide you with written details of any personal information stored on you at Uniserv GmbH.

Security

Uniserv GmbH is fully aware of the importance of security for the data which it handles. We have therefore implemented technical and organizational measures to protect the data from accidental or intentional manipulation, loss or destruction or against access by unauthorized persons. These security measures are continually updated in line with on-going technological developments.

Links to Other Web Sites

Our Web pages also contain links to the Web sites of other companies. Uniserv is not responsible for the content of these Web sites and the compliance with data protection regulations by these companies.

Data Protection Representative

If you any have questions about the issue data of protection, you can contact our data protection officer directly at datenschutz@uniserv.com
